DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 2 is rejected under 35 U.S.C. 102(b) as being anticipated by Waggoner et al (WO200107377 A1).

The teaching of Waggoner et al anticipates the claim in that Waggoner et al disclosed a reaction bonded Si/SiC composite body formed by infiltrating substantially pure silicon into a silicon carbide preform, wherein the composite body has a coefficient of thermal expansion of 2.9 ppm/K or 2.9×10^{-6} /K (see page 21, Example 3, Table I, Sample A).

3. Claims 3-8, 12-22 and 25 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 23-24 are allowable.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ngoclan T. Mai whose telephone number is (571) 272-1246. The examiner can normally be reached on 9:30-6:00 PM Monday-Friday.
